Please allow four weeks for balances to be transferred. You should not rely on a balance transfer to be made by any particular date. Depending on billing cycles, the transferred balance(s) may appear on your IU Credit Union MasterCard statement before it appears on the other loan account(s). Accordingly, you should continue to make all required payments until the transferred amount is credited to the other account statement(s). IU Credit Union does not assume responsibility for any late payments, finance charges or disputed amounts on your account at other financial institutions.

We will not close your other loan accounts, even if you transfer the entire balance. If you want to close another account, you should contact that institution directly.

Refer to your account Disclosure for applicable balance transfer APRs.

NOTE: Balance transfers cannot be requested between IUCU accounts.
